

HIDRAULINĖS PLASTMASĖS LIEJIMO MAŠINOS	
Irengimo serija	Formos uždarymo jėga
Toggle clamping injection molding machines	
FT - serija	60; 90; 110; 140; 180; 220; 260; 320; 450; 520; 600
Hydra - mech clamping injection molding machine	
FT - serija	1680; 2000/2400; 2700/3000; 3500
Multi - loop high speed injection molding machine	
AD - serija	150; 250; 600; 850; 1000; 1250
Sandwich / interval injection molding machine	
FB - serija	110C; 140C; 180C; 220C; 260C; 320C
PET Preform injection molding machine	
FT-P - serija	180P; 220LP; 320LP; 420P
BMC - injection molding machine	
BMC - serija	FT-150BMC; FT-350BMC; FT-520BMC; FT-850BMC
Toggle clamping injection molding machines	
HT-I - serija	30I; 50I; 100I; 125I; 150I; 200I; 250I; 300I; 350I; 450I; 520I; 600I; 750I; 850I; 1000I; 1250I; 1420I
Two - component injection molding machine (rotary axis)	
FB - R/T - serija	140T; 220T;
Two - component injection molding machine (table axis)	
FB - R/T - serija	140R; 260R; 1000R; 1250R
Thermosetting injection molding machine	
FT-U - serija	60U; 90U; 110U; 140U; 180U; 220U; 260U; 320U
Ultra - high speed closure production system	
CAP - serija	16/28
Two platen hydra - mech. injection molding machine	
LM - serija	1600; 3500

Išsamesnė informacija apie įrengimų parametrus:
